

**SEMINARIO SOBRE ADAPTACIÓN AL EEES**  
**(LA EXPERIENCIA DE OTRAS UNIVERSIDADES EUROPEAS)**  
**Martes, 1 de Diciembre. Aula de Grado. FCCM.**

UNIVERSITY OF  
**STIRLING**

**“Europeanization of Taught Programme. Design and Delivery”**

**Dr Kim Jauncey**

**Director of Learning and Teaching**

**Senior Lecturer in Aquaculture Nutrition**

**UNIVERSITY OF STIRLING (SCOTLAND, UK)**

UNIVERSIDAD DE LAS PALMAS DE GRAN CANARIA  
Departamento de Biología

**10.00-11.00 Session 1. Creation of the European Higher Education Area by 2010: How Bologna and the various subsequent and associated actions have integrated with existing UK HE systems and the changes that we have made to accommodate this.**

**11.30-13.00 Session 2. Programmes, modules, learning outcomes/competences, credits, assessment, workloads, Tuning and quality assurance. Stirling experiences with adapting to this form of programme structuring.**

**16.00-18.00 Session 3. Undergraduate Marine Biology (Bachelors, First Cycle) and Taught Postgraduate Sustainable Aquaculture (Masters, Second Cycle) programmes at the University of Stirling as examples of EQF compliance (curriculum design, modularisation, learning outcomes/competences and assessment, typical timetables and learning plans). The practical implementation of ‘Bologna’ derived approaches to delivering learning.**
